

Terms of Service

Video & Dual Recording Terms:

We will arrive early enough to be setup at least 30 minutes before your wedding starts, we will then broadcast your wedding. This package is for up to 3 hours of time which includes setup, live broadcast of your wedding and cleanup. All Pricing includes one camera mounted on a tripod that is stationary. Additional camera mounts and setups can be done for an additional cost. Wireless recording for streaming may be subject to wireless broadband that is available in the area. NorN Productions/MercyStream.com will not be held liable for Network, Wireless network, or power outage issues that may occur and cause broadcast/streaming issues. 50% deposit required for event booking, balance due 3 days after the event and recommend automatic payment method. (Credit Card, PayPal). Production of DVD's may take up to 90 days depending on design situations. This is an exclusive agreement, which means that no other party will be live streaming the event or recording video for DVD production purposes.

Arrangements should be made with vendor affiliate at a minimum of 60 days before the event, and recommend a private setup meeting which is part of the cost basis. (Within 30 days of the event)

What We Can Do For You!

MercyStream.com provides services that allow individuals to enjoy the event without being there! Through the latest streaming technology, MercyStream.com can be there when you are not and can be viewed live and later anywhere there is internet access.

What we can do for you is provide Live Video Streaming/Delayed Video Streaming, and Edited Video that can be archived on-line or created as other media (computer file or DVD).

Here are some of the other situations we can provide for your Live/Later Streamed Event:

- Provide a link for gifts or memorials while the event is playing online.
- Provide a link of the archived event for viewing later soon after the event concludes
- Provide html codes for posting a graphic for our service on your event website (weddings -celebrations)

We provide these services with the passion necessary to help create a quality event for those that cannot attend, as well as delayed viewing for everyone's benefit.

Description of Services

Live Video Streaming - This is a live Video Feed that is available through your computer through an internet feed. Easily available software (usually free to download), may be used to have access. This has the advantage of watching the event as it happens!

Delayed Video Streaming - This is the recorded version of the live Streaming Link. It will look exactly the same as what was streamed live. The advantage this has is that it is available immediately one the event is over!

Edited Video - This is the Video that is Edited as the polished-finished video that will go on DVD's and archived online for purchase later. (Allow 4-8 weeks for editing with titles, menus and graphics)

Archived Event - This means that the event is in a posted archive online. The viewers can go back and view the event on their demand at their convenience.

HTML Code Link - This is a Code that creates a graphic on the customer's/client's website (for weddings) that links to MercyStream.com's broadcast page/link.

Memorial or Gift Link - This is a link that is provided on the Video Streaming Broadcast Page that will allow the viewer the opportunity to send a memorial or gift.

Produced DVD's - DVD's can be purchased from Events that are recorded in a "Dual Recorded" Mode: This means that at least one camera is dedicated to video streaming the Event, and another camera is dedicated to recording the event in a minimum standard definition DVD quality format
